# Detroit Eastside Community Vision Survey

---

Dear participant

Please take a moment to complete this survey in the spirit of generating ideas, policy and programs for the future of Detroit Eastside in the year 2020 & 2025.

Our goals are to create healthy, compassionate, and loving communities that are respectful of people and the earth that sustains us. We can establish processes where no one is pushed out, where no one is foreclosed, where no one has their water shut off.

**Please rank the following issues in order of importance to you, with 1 being the highest.**

1. Create local neighborhood community training centers for our residents and youth to learn about new technology such as solar, wind energy, fab labs and maker spaces. \_\_\_\_
  2. Build and rehab, real affordable housing that are green and energy efficient, where neighbors are involved in the actual building and rehabbing- \_\_\_\_
  3. Establish a Restorative Justice Center that would show that there is an alternative to jails this center would work with returning citizens to support work creation, jobs preparation, education etc. \_\_\_\_
  4. Establish a program and funding that keeps the doors of the local library open more than two days a week. A historical center with in it that captures the history, advocacy, and preservation of the east side. With programs for tutoring, mentoring, arts, music production. \_\_\_\_
  5. Create partner ships with local schools and university's to establish Sustainability Training Centers (s) for breakthrough technology that drives community collaboration. \_\_\_\_
  6. Establish a Community Arts-Sound House to support visual, written, and spoken word opportunities. \_\_\_\_
  7. Establish fully accessible parks and green spaces that can serve people with disabilities and all members of the community. \_\_\_\_
  8. Create access to a worker and community health clinic with focus on preventive health care, aids prevention, opioids, violence prevention, mindfulness training and healing with serious attention to "trauma". \_\_\_\_
  9. Support the local urban farmers to increase production and provide education. \_\_\_\_
  10. Work with new developers to ensure that everyone in the radius of the new developments(s) have access to free internet. \_\_\_\_
  11. Create a Community center and/or open gym for neighbors and workers that are associated with the new development (s). \_\_\_\_
  12. Create and use Local Cleaning services to ensure monies remain in the community. \_\_\_\_
